VOLUNTEER OFFER

Member of the Board of Director

About us

Created in 1997, the Fondation québécoise du sida fights HIV/AIDS by financing the mission of several organizations in Québec. Since 2017, we merged with the Farha Foundation becoming the only foundation in the province dedicated to the support of people living with HIV/AIDS. Through our partnership with Coalition PLUS, we have expanded our focus to include solidarity with French-speaking African countries.

With Montreal committing to help ending the global AIDS epidemic by the year 2030, the global movement **Together, let's build a world without AIDS or HIV** grows significantly for an organization like ours. The next years will be ambitious and challenging.
